

Newsletter — 19th January

Update from Mrs Rook

We hope you all had a fun weekend despite the disruptions caused by storm Goretti. The children were all very excited to tell us all about their experiences in the snow.

It's been another busy and positive week with Mr Morris in on Tuesday and Thursday, spending time around school and teaching a session of maths to Class 3.

Acorns, Oaks and Robin's are enjoying their introduction to their new topic of Space and we are currently planning an exciting visit from a inflatable planetarium. Many of the older children will remember how fun it was when it was in school last time.

We would like to thank the Millichope Foundation for their generous annual donation and continued support, it enhances many of our provisions including music, of which we are very proud here at Corvedale.

We are updating some of our forms in line with our current school entry registration process, therefore please find attached a permission form which will also be sent home as a hard copy on Monday. We would be grateful if these could be completed and returned to school asap. Many thanks for your cooperation.

The week's celebration assembly had an extra twist as from this term, each week a different member of staff will be chosen to select a student from across the whole school for a special award. This reinforces the idea of 'togetherness' that we are promoting throughout.

This week was the turn of Colin who presented his award with thoughtful words celebrating the work the year 6's have done supporting the younger children over lunchtimes. He thanked them for showing him what helping others was all about and with a sense of commitment in doing so.

I hope you all have a lovely weekend and we look forward to seeing you all back in school on Monday.

Star of the Week
